

# Atmospheric-pressure Plasma for Regulating Physical Functions

## Subject:

① **Molecular Biological Analysis** of Atmospheric-pressure Plasma Actions in Regulation of Physical Functions

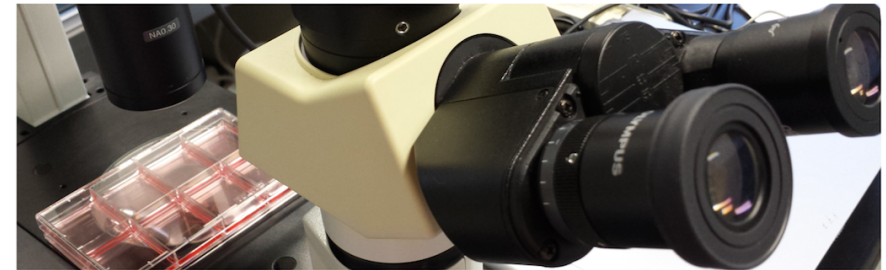

② **Analysis using Genetic-engineering Technology** for evaluating the Plasma actions

We welcome motivated students who are interested in Exercise and **Cell-based medicine/technologies**

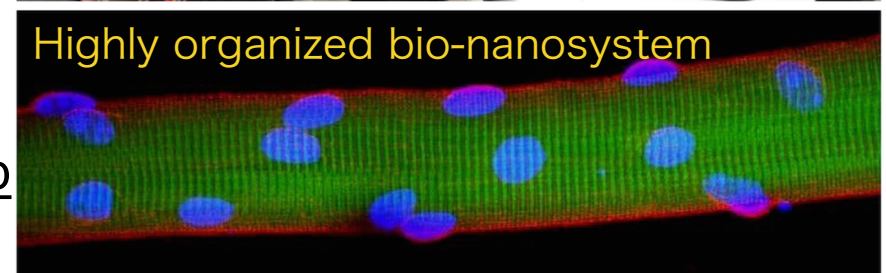

Contact: **Makoto Kanzaki**, Professor  
(Biomedical Nano-science)

Tel: 022-795-4860, [makoto.kanzaki.b1@tohoku.ac.jp](mailto:makoto.kanzaki.b1@tohoku.ac.jp)

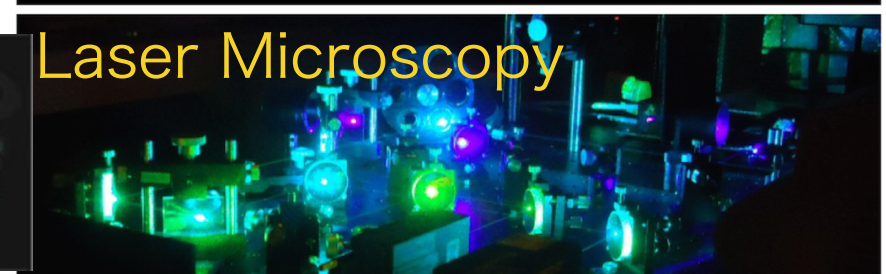

- Semester 2, 1st meeting 10/1 (Monday)  
16:20-
- 3 students are acceptable
- Admin.BLDG 1F,  
Rm#110

Highly organized bio-nanosystem
