

2024 Academic Year

Application for Spring Enrollment in Doctoral Program

(for advancement/entry in April 2024)

Program for Students Advancing from Master's Program
of this Graduate School
Regular Program for Incoming Students from Other Schools
Special Selection Program for Working Adults
Special Selection Program for Foreign Students

October 2023

Graduate School of Engineering, Tohoku University

○ Admission Policy

The Tohoku University Graduate School of Engineering aims to develop researchers who think for themselves and carry out research with ethical standards and courage to realize a safe, secure, and prosperous society, and who can play a role in developing and innovating future science and technology with abundant creativity and research capability, based on profound knowledge and broad perspectives on nature and human beings. It also aims to develop professional engineers who can contribute to the sustainable development of society with not only highly specialized knowledge but also long-term perspectives and an international outlook. Specifically, we welcome students with the following academic abilities and skills, and who aspire to be creative, highly proficient researchers and professional engineers who contribute to the sustainable development of society:

1. A broad range of basic engineering knowledge, advanced expertise on their own research fields, and the ability to develop them in a flexible manner; and
2. The ability to logically present and discuss the significance and outcome of their research.

For this reason, the Graduate School of Engineering conduct Regular Selection, Special Selection for Working Adults, Special Selection for Foreign Students, and Selection for International Degree Courses Offering Education in English, to select students with an emphasis on the abilities and qualities necessary to carry out research in line with our educational philosophies and goals.

Applicants for Regular Selection and Special Selection for Foreign Students will be selected through an assessment of a written examination etc. that evaluates basic knowledge and specialized knowledge on engineering, and language skill, and an oral interview that assesses their aptitude. The selection will be made with an emphasis on the results of the written examination.

For Special Selection for Working Adults, the selection will be based on a comprehensive evaluation of their research plan and motivation. If necessary, basic and specialized knowledge on engineering and an evaluation of their essay will also be considered in the selection process

○ Educational Objectives and Goals

Staying true to the Tohoku University's traditional spirit of "Research First," "Open Doors," and "Practice-Oriented Research and Education," the Graduate School of Engineering is committed to achieving its educational objectives. One of these objectives is to develop researchers who act based on profound knowledge and broad perspective about nature and human beings, perform their research in an ethical, purposeful, and self-directed way to build safe, secure, and affluent society, and possess abundant creativity and high research skills that enable them to play a leading role in the future development and innovation of scientific technologies. Another educational objective of the School is to produce core technical experts who are equipped with not only a high-level of technical expertise but also a long-term

vision and global viewpoint, and capable of making contributions to the sustainable development of our society.

The educational goal of the doctoral program is to nurture human resources performing not only subjective research in the relevant specialized field but also self-enlightenment to active worldwide as a leader in the future.

They are also expected to have a bird's eye view based on social and international demands, having the ability to develop research project with their own ideas to summarize international level papers and to discuss and present at international conferences etc.

○ **Diploma Policy**

The Graduate School of Engineering, Tohoku University, will award a doctoral degree in engineering to students who pass a review of doctoral thesis and the final examination. Students are also required to remain enrolled for a specific period of time, study a set of subjects that are offered in accordance with the School's educational objectives and goals, earn a specified number of credits, and demonstrate a high-level of ethical awareness and sense of responsibility, in addition to the following knowledge and skills:

1. Skills to embark on a new research subject and perform a research from a panoramic perspective that takes social needs into account;
2. Skills to solve issues with unique ideas;
3. Thinking skills that allow for interdisciplinary application;
4. Language proficiency as well as research paper writing, debating and communication skills that are sufficient to make presentations at international academic conferences, etc.;
5. Skills to provide research guidance; and
6. Basic skills to manage a research or project.

○ **Curriculum Policy**

The Tohoku University Graduate School of Engineering provides education according to the following policy to ensure that students can acquire knowledge and skills required under the diploma policy:

1. Enable students to acquire skills to explore research subjects and perform research from a panoramic perspective that takes social and international needs into account, skills to develop such research subjects by using unique ideas and compile the results into a world-class research paper, and thinking skills that allow for interdisciplinary applications;
2. Provide students with language proficiency as well as debating and communication skills that are sufficient to make presentations and participate in discussions at international academic conferences, etc.; and
3. Equip students with skills that allow them to provide research guidance in their fields of expertise.

In order to execute the above policies, the Graduate School of Engineering offers Common Subjects, and each department offers Interdisciplinary Basic Subjects, Major General Subjects, and Related Subjects. The overall educational curriculum of the master's and doctoral program is presented in the curriculum map. The Interdisciplinary Basic Subjects are mainly provided in lecture-based courses, and the Major General Subjects consists of special lectures, special seminars, doctor course seminars, etc. The subjects in lecture-based courses are provided for the purpose of acquiring a wide range of basic knowledge and advanced specialized knowledge in each major. A syllabus is prepared for each subject to clearly state the educational content, achievement methods, guidelines for self-study, etc. The Doctor Course Seminar is provided to foster the ability to conduct and develop advanced research, and acquire a wide perspective, language skill and debating skill.

In the lecture-based subjects, the faculty member in charge of the lecture will assess the student's basic knowledge, basic academic skill, specialized knowledge, etc. by using regular examinations, reports, etc. Details of the grade evaluation method are described in the syllabus for each subject. In the Doctor Course Seminar, the academic advisor will evaluate the following abilities based on research activity in the laboratory, presentation at domestic and international conferences, the doctor thesis and its defense.

- 1) Ability to design and conduct research or projects
- 2) Ability to investigate and analyze academic papers and technical materials
- 3) Basic academic skills necessary to write academic papers to meet international standards
- 4) Ability to evaluate research in related fields
- 5) Presentation and communication skills sufficient to present research results at international conferences
- 6) Ability to advise and guide research for undergraduate and master's course students

1. Departments and Admission Quotas

Department	Quota	Department	Quota
Mechanical Systems Engineering	10	Applied Chemistry	8
Finemechanics	11	Chemical Engineering	7
Robotics	11	Biomolecular Engineering	5
Aerospace Engineering	11	Metallurgy	7
Quantum Science and Energy Engineering	11	Materials Science	10
Electrical Engineering	8	Materials Processing	8
Communications Engineering	8	Civil and Environmental Engineering	12
Electronic Engineering	15	Architecture and Building Science	8
Applied Physics	11	Management Science and Technology	13
		Total	174

NOTE: The above mentioned quotas include those of the admission which was held in August 2023.

2. Qualifications for Application

- Applicants who are currently in the first two years of a graduate studies program at this Graduate School and who expect to receive your master's degree by March 2024 may apply for **advancement to the three-year doctoral program**.
- Applicants other than the above for whom any of qualifications (1) to (8) below is true may apply for **admission as General Applicants from Other Schools**.
- Those eligible to apply for the **Special Selection Program for Working Adults** are, in principle, those who after graduating from university have worked for at least two years as engineers, instructors, researchers or the like at the time of enrollment, or who will hold the position of engineer, instructor or researcher after entering university, and for whom any of qualifications (1) to (8) below is applicable.
- Those eligible to apply for the **Special Selection Program for Foreign Students** are those who have received a university education in Japan as foreign students or in an overseas university, and for whom any of qualifications (1) to (8) below is applicable.

The applicant must:

- (1) Have earned a master's degree or professional degree, or expect to earn such a degree by March 2024.
- (2) Have earned a degree equivalent to a master's degree or professional degree, or expect to earn such a degree by March 2024, in the graduate school of a foreign university.
- (3) Have earned a degree equivalent to a master's degree or professional degree, or expect to earn such a degree by March 2024, by taking correspondence courses in Japan offered by schools outside Japan.
- (4) Have earned a degree equivalent to a master's degree or professional degree, or expect to earn such a degree by March 2024, by completing a course designated by the Minister of Education, Culture, Sports, Science and Technology in an educational institution in Japan recognized as adopting the educational system of a foreign country and having the curriculum of a graduate school in that country.
- (5) Have earned a degree equivalent to a master's degree or professional degree, or expect to earn such a degree by March 2024, by graduating a program of the United Nations University.
- (6) Have been recognized as having achieved at least the academic equivalent of a master's degree through an educational program offered at ① a foreign school, ② educational institutions which have the curriculum of a graduate program, or ③ the United Nations University, and have passed the equivalency examination and screening process as stipulated in Clause 2, Article 16 of the Standards for the Establishment of a Graduate School (Act No. 28, 1974).
- (7) Meet either of the following criteria for eligibility specified by the Minister of Education, Culture, Sports, Science and Technology:
 - (a) Have carried out research in a university or research institute, etc. for two or more years after graduating from university, and be recognized by this Graduate School as having achieved at least the equivalent academic abilities of someone with a master's degree on the basis of those research accomplishments.
 - (b) Have carried out research in a university or research institute, etc. for two or more years after completing 16 years of course studies overseas, or after completing, in Japan, 16 years of foreign school course studies by means of correspondence courses conducted by foreign schools, and be recognized by this Graduate School as having achieved at least the equivalent academic abilities of someone with a master's degree on the basis of those research accomplishments.
- (8) Be aged 24 or above and, through individual admission qualification screening, be recognized by this Graduate School as having achieved at least the equivalent academic abilities of someone with a master's degree or professional degree.

Note 1: Applicants who are employed by Tohoku University should contact the Graduate Academic Affairs Section, Graduate School of Engineering in advance by Friday, December 8, 2023.

Note 2: Applicants should contact the head of the department in which they expect to major in advance regarding their research plans after enrollment.

Note 3: Applicants applying under qualification (7) should contact the head of the department in which they expect to major in advance regarding their qualifications to apply. The following documents will be needed for the procedure.

Required documents	Notes
Certification of research or work experience	Issued by the head of the place of work or research, certifying two or more years of engagement as engineer, instructor, researcher, etc. (any format; with official letterhead, signature, seal, etc.).
Summary of research or work	Research/work carried out during time spent working as an engineer, instructor, researcher, etc. (approximately 2 A4-size pages).
Academic transcript	Issued by the dean of the school from which the applicant graduated.
Other reference materials	Copies of technical papers, patent announcements, etc.

Note4: Applicants applying under qualification (8) will need to undergo admission qualification screening. Please contact the office of department for which you wish to apply (see the Remarks of Appendix) in advance.

3. Online Application Procedures and Application Period

The general flow for online applications is as follows.

1. Confirming Application Guidelines and Obtaining the Necessary Documents

- Please carefully check the information in these Application Guidelines, including the Qualifications for Admission and the necessary application documents.
- For application documents, such as certificates of (expected) graduation, transcripts, and other support documentation, please request them in advance from the university you attended.

2. Paying the Examination Fee (Not applicable for those who are applying for advancement)

- Follow the directions on the Application Guidelines. Use an ATM (at a financial institution or convenience store) or online banking to pay via transfer to the designated bank account. A prescribed fee will be charged when making the payment (to be borne by the applicant).
- After making the transfer, attach documents that show the payee's account information, the amount, the date of transfer, and the name of the payer—such as a copy of the ATM statement or a copy of the screen of the completed Internet banking transfer—to the Payment Confirmation for Examination Fee, and upload the scanned data to the TAO Application Registration website.

3. Registering an Application via the TAO Application Registration Website

- Access The Admissions Office website, and after creating an account, fill in the required applicant information. <https://admissions-office.net/en/portal/>
- Uploading certificates and other documents is also done at the time of application registration.
- **You cannot change your registered information after registration.** When registering, fill in the information carefully while checking to ensure that there are no errors.
- Please be sure that the submission of application is completed on TAO system as below.

Complete my application

[Note]
All data will become uneditable after the completion of application.
Please check again if all entries are completed.

Apply after you review the above

Cancel **Yes**

The Admissions Office		Search schools	Admission Schemes	Profile	Applications
My applications					
Incomplete	Completed				
Application status	Application ID	Admission Scheme	Application Deadline		
☆ Application completed	28574	Tohoku University / Graduate School of Engineering / All Departments (Master's Programs) / 一般選抜			

Applicants should use The Admissions Office (hereinafter referred to as TAO), the designated online application system, to complete the following application procedures within the application period.

The application period is from 9:00 on Thursday, January 4, 2024 until 16:00 on Friday, January 12, 2024 (Japan time).

[Methods]

1. Access the following URL and click the Member Registration button. The account creation screen will appear, so fill in the necessary information and create an account.

URL: <https://admissions-office.net/en/portal>

2. After creating your account, enter your e-mail address and password to log in from the above URL. Use the Application Schemes menu to search for "Tohoku University / Graduate School of Engineering / Three-Year Doctoral Program / April Entry," then follow the TAO system's directions and the directions below to apply.
3. Please submit the following documents as PDF files (except for the English score sheet) by uploading them to your application forms.

In principle, the certificates to be submitted should be in Japanese or English. In the case of certificates in other languages, a Japanese or English translation, corroborated by the issuer of each certificate, should be attached.

If it is not possible to handle certificates in the way listed above, contact the Graduate Academic Affairs Section in the Academic Affairs Division of the Graduate School of Engineering and School of Engineering.

- *Once application documents have been submitted, we will not accept any replacements.
- *Withdrawal will not be accepted after an application has been received.
- *Those who have made false declarations in their application documents may have their entrance approval cancelled, even after enrollment.
- *Those who pass the tests and are admitted must submit original copies of their transcripts and graduation (or completion) certificates (not required for graduates of the Graduate School of Engineering) at the time of admission procedures. In addition, those who have applied under the qualification for admission (2) (e.g., those who have completed (or expect to complete) an advanced course at a college of technology or junior college, etc.) are also required to submit a "certificate of degree conferment." Your admission to the Graduate School may be cancelled if there are any discrepancies between the documents uploaded to the online application system and the original

documents submitted at the time of admission procedures, or if you are unable to submit the original certificates.

[I] Applicants currently enrolled in the two-year master's program of this Graduate School applying for advancement to the three-year doctoral program

Required documents	Notes
Application for advancement	Fill out the application form for admission in the online application system.
CV	Download the prescribed CV file from the following URL. https://www.eng.tohoku.ac.jp/english/admission/procedure/doctoral.html
Examination Admission Ticket (受験票)	Download the prescribed examination admission ticket file from the following URL. https://www.eng.tohoku.ac.jp/english/admission/procedure/doctoral.html
Address label	Fill in the necessary information on the address label in the online application system.
Written consent to take exam	<u>※Only for those intending to remain employed while in school.</u> Issued by head of workplace, showing employment duration, nature of work, and identity. (Any format; with official letterhead, signature, seal, etc.)

Note 1: The required documents when applying for admission to a department other than your current affiliated department are different from those indicated above. Please contact the Graduate Academic Affairs Section, Graduate School of Engineering in advance.

[II] Applicants other than [I] applying under qualifications (1) to (5)

Required documents	Notes
Application for admission	Fill out the application form for admission in the online application system.
CV	Download the prescribed CV file from the following URL. https://www.eng.tohoku.ac.jp/english/admission/procedure/doctoral.html
Letter of Recommendation or Letter of Acceptance (推薦書・承諾書)	Prepared by the expected supervisor, using an official form for this Graduate School. The official form can be downloaded from the website: https://www.eng.tohoku.ac.jp/english/admission/procedure/doctoral.html *If a Letter of Recommendation cannot be submitted, submit instead a Letter of Acceptance by the faculty member.

	<p>*Please be sure to submit a Letter of Recommendation those who apply for the Department of Metallurgy, Materials Science, or Materials Processing.</p>
<p>Graduate school transcript</p>	<p>Issued by the dean of your graduate school.</p>
<p>TOEFL®Test /TOEIC® Public Test score sheets</p> <p>Valid tests:</p> <p>TOEFL®Test PBT, TOEFL iBT®Test , TOEIC® Public Test (Listening & Reading Test)</p>	<p>Should be submitted by applicants corresponding to the following categories (1) or (2); not necessary for those applying to the Applied Chemistry, Chemical Engineering, Biomolecular Engineering, or Architecture and Building Science departments.</p> <p>(1) General Applicants from Other Schools or applicants to the Special Selection Program for Foreign Students applying to study in the Mechanical Systems Engineering, Finemechanics, Robotics, Aerospace Engineering, Quantum Science and Energy Engineering, Electrical Engineering, Communications Engineering, Electronic Engineering, Applied Physics, Metallurgy, Materials Science, Materials Processing, Civil and Environmental Engineering, or Management Science and Technology departments.</p> <p>(2) General Applicants to the Special Selection Program for Working Adults applying to study in the Metallurgy, Materials Science, or Materials Processing departments.</p> <p><u>◆When submitting a score sheet for the TOEIC public test held in Japan on Sunday, December 10, 2023 :</u></p> <ul style="list-style-type: none"> • Please submit all other application documents, except the score sheet, within the submission period. • <u>Please submit the score sheet by Wednesday, January 24.</u> We will let you know how you should submit this score later. <p>*TOEFL iBT's "My Best™ Score" will not be used for preliminary screening at Graduate School of Engineering.</p> <p><u>(Note) Score sheets may not be replaced with more recent test results once submitted.</u></p> <p><u>Example: You may not resubmit a different score sheet for the TOEIC public test held on Sunday, December 10, 2023 after submitting a score sheet for the TOEIC public test held on Sunday, November 19, 2023.</u></p> <p><u>(Note) Score sheets which can be submitted outside of the submission period are limited to score sheets for the TOEIC public test held on Sunday, December 10, 2023..</u></p> <p><u>Example: You may not submit a score sheet for the TOEIC public test held on Sunday, November 19, 2023 or a score sheet for the TOEFL outside of the submission period stated in "3. Period for Submission of Application.</u></p>

	<p>(Note) There are required scores for those applying under the Special Selection Program for Foreign students to study in the Mechanical Systems Engineering, Finemechanics, Robotics, and Aerospace Engineering. For details, please see the appendix.</p> <p><u>*Applicants with a letter of permission (in any format) from the expected supervisor may submit a score sheet for the TOEIC public test conducted by Sunday, November 19, 2023 outside of the stated submission period, or may be exempted.</u></p> <p>*TOEFL, TOEFL iBT, TOEFL ITP, and TOEIC are registered trademarks of Educational Testing Service (ETS).</p>
Certificate of (expected) completion or of degree conferral	Issued by the dean of your graduate school or by the NIAD (National Institution for Academic Degrees and University Evaluation).
Undergraduate transcript	Issued by the dean of the university from which graduated
Copy of master's thesis and/or its abstract	<p>(1) Applicants for the Departments of Applied Chemistry, Chemical Engineering, or Biomolecular Engineering</p> <ul style="list-style-type: none"> · Copy of master's thesis, AND Abstract of master's thesis in Japanese or English (approximately 2 A4-size pages) *If a copy of the master's thesis cannot be submitted, submit only an abstract of research in Japanese or English (approximately 2-4 A4 pages). <p>(2) Applicants for the Departments of Applied Physics, Metallurgy, Materials Science, Materials Processing, Civil and Environmental Engineering, or Architecture and Building Science</p> <ul style="list-style-type: none"> · Copy of master's thesis (Abstract of master's thesis in Japanese or English (approximately 2 A4-size pages) if you cannot submit the copy of master's thesis.) <p>(3) Applicants for the Departments of Mechanical Systems Engineering, Finemechanics, Robotics, Aerospace Engineering, Quantum Science and Energy Engineering, Electrical Engineering, Communications Engineering, Electronic Engineering or Management Science and Technology</p> <ul style="list-style-type: none"> · Abstract of master's thesis in Japanese or English (approximately 2 A4-size pages)
Examination Admission Ticket and Photo ID Form (受験票、写真票)	<p>Download the prescribed examination admission ticket and photo ID form files from the following URL.</p> <p>https://www.eng.tohoku.ac.jp/english/admission/procedure/doctoral.html</p> <p>The photo ID form should include an image file of a photograph showing the upper body of the applicant, facing forward with no hat, and have been taken within three months of application.</p>

Residence Record	<p>※Only for foreign applicants already residing in Japan whose period of stay is over 90 days.(The residence record should be issued within 3 months and indicate residence status without Individual Number.)</p>
<p>Examination fee</p> <p>Please pay 30,000 yen By January 11, and submit attached "Payment Confirmation of Examination Fees"</p>	<p>(1) Download the prescribed form files of "Payment Confirmation of Examination Fees" from the following URL: https://www.eng.tohoku.ac.jp/english/admission/procedure/doctoral.html</p> <p>(2) Make a payment by ATM or Internet Banking Transaction and attach a copy of ATM transaction statement or evidence of Internet Banking Transaction to the "Payment Confirmation of Examination Fees"</p> <ul style="list-style-type: none"> * Sender's name should be the applicant's name in Katakana. * Bank transfer fee should be paid by the applicant. * Only domestic banking transfer is accepted. <p>Amount(金額): 30,000 yen Payment Deadline(納入期限): January 11, 2024 Bank(銀行): Mitsubishi UFJ Bank (三菱UFJ 銀行) Bank Code: 0005 Branch(支店): Wakatake-shiten(わかたけ支店) Branch Code: 809 Account Type(預金種別): Futsuu(普通) Account Number(口座番号): 2259225 Account Holder(口座名義): Kokuritsu Daigaku-houjin Tohokudaigaku(国立大学法人東北大学) Account Holder in Kana(カナ): タ イ ト ホ ク タ ン ガク</p> <p>(3) MEXT scholarship recipients do not need to pay this fee. If you wish to apply for examination fee waiver due to the domestic disasters, please see the following website: https://www.eng.tohoku.ac.jp/admission/grad/disaster.html</p> <p>(4) This banking information is only valid within Japan. If you live overseas, please contact the Graduate Academic Affairs Section in advance.</p>
Address label	<p>Fill in the necessary information on the address label in the online application system.</p>

<p>Written consent to take exam</p>	<p>*Required only for those intending to remain employed while in school. Issued by head of workplace, showing employment duration, nature of work, and identity. (Any format; with official letterhead, signature, seal, etc.)</p> <p>(Note) Those who passed the Special Selection Program for Working Adults but are not employed at the time of admission and have been employed in the past are required to submit a "Certificate of Employment" at the time of the enrollment procedures. The certificate must be issued by the head of the organization, stating the period of employment, job description, and status (with company seal, etc., and in any format).</p>
-------------------------------------	---

In addition to the above documents, submit the following documents required to the Program you wish to apply.

• **Regular Program for Incoming Students from Other Schools**

Required documents	Notes
Score sheet of Japanese Language Proficiency Test or a document indicating the applicant's Japanese language ability prepared by the instructor of Japanese class or prospective advisor (Any format)	Foreign students or those who received a university education overseas who wish to apply to the Mechanical Systems Engineering, Finemechanics, Robotics, and Aerospace Engineering are required to submit this. Not necessary if you apply for departments other than those listed above.

• **Special Selection Program for Foreign Students**

Required documents	Notes
Recommendation Letter	Prepared by a supervising faculty member or equivalent from your graduate school or university (any format).
Score sheet of Japanese Language Proficiency Test or a document indicating the applicant's Japanese language ability prepared by the instructor of Japanese class or prospective advisor (Any format)	Applicants for the departments of Applied Physics, Metallurgy, Materials Science, and Materials Processing are required to submit this document, as it will be included in the pass/fail decision. Not necessary if you apply for departments other than those listed above. ※Those who wish to study in the Mechanical Systems Engineering, Finemechanics, Robotics, and Aerospace Engineering in Japanese language should apply to Regular Doctoral Program.

Other reference materials such as Papers and Reports to demonstrate academic ability may be uploaded as PDF files.

[III] Applicants applying under qualification (7)

Required documents	Notes
Application for admission	Fill out the application form for admission in the online application system.
CV	Download the prescribed CV file from the following URL. https://www.eng.tohoku.ac.jp/english/admission/procedure/doctoral.html

• **Special Selection Program for Foreign Students**

Required documents	Notes
Recommendation Letter	Prepared by a supervising faculty member or the equivalent from your university (any format).
Score sheet of Japanese Language Proficiency Test or a document indicating the applicant's Japanese language ability prepared by the instructor of Japanese class or prospective advisor (Any format)	<p>Applicants for the departments of Metallurgy, Materials Science, and Materials Processing are required to submit this document, as it will be included in the pass/fail decision.</p> <p>Not necessary if you apply for departments other than those listed above</p> <p>※Those who wish to study in the Mechanical Systems Engineering, Finemechanics, Robotics, and Aerospace Engineering in Japanese language should apply to Regular Doctoral Program.</p> <p>※Those who wish to study in the Mechanical Systems Engineering, Finemechanics, Robotics, and Aerospace Engineering in Japanese language should apply to Regular Doctoral Program.</p>

Other reference materials such as Papers and Reports to demonstrate academic ability may be uploaded as PDF files.

[IV] Applicants applying under qualification (6) , (8)

Please contact the Graduate Academic Affairs Section, Graduate School of Engineering.

4. Examination and Selection

The selection of new students will be made based on the results of the examination subjects listed in the attached table and the documents to be submitted.

Examination dates: From Wednesday, February 28 to Friday, March 1, 2024 according to the attached schedule.

Location: Graduate School of Engineering, Tohoku University, Sendai, Japan
(Details will be sent directly to each applicant from the department to which the application is made.)

• It is not possible to take the examination of more than one selection held on the same examination schedule.

(e.g. Special Selection for Working Adults Master's Program and Special Selection Program for Foreign Students)

5. Announcement of Results

Results are scheduled to be posted around 5:00 p.m. on Wednesday, March 6, 2024, on the following website (<https://www.eng.tohoku.ac.jp/>)

Notification of results will also be mailed to applicants who pass the entrance examination. Please note that results cannot be given in response to telephone inquiries.

6. Enrollment Procedures, etc.

(1) The enrollment procedures are scheduled to be processed on Friday, March 15, 2024. Details of the enrollment procedures will be announced when the acceptance letter is mailed in early March, 2024.

(2) Fees necessary at the time of enrollment

Students entering from another school

(a) Admission fee: 282,000 yen (tentative)

(b) Tuition (first semester): 267,900 yen (annual 535,800 yen) (tentative)

Advancing students

(a) Admission fee: None (students are expected to have completed the first two years of this Graduate School's doctoral program and as such will have already paid the admission fee)

(b) Tuition (first semester): 267,900 yen (annual 535,800 yen) (tentative)

Note 1: The above amounts are tentative. In the case that admission or tuition fees are Revised, the new fees will become applicable from the time of the revision.

Note 2: Information on the waiving of admission or tuition fees, or permission to defer payment to a later date, etc., will be provided in the enrollment procedures documents sent after the results of notification. In addition, regarding procedures such as exemption and deferment of collection, Tohoku University website (<https://www2.he.tohoku.ac.jp/menjo/>)

7. Eligibility for Long Term Study Program

Some applicants, due to the need to continue with employment or other special circumstances (**Note 1**), may request permission to follow a planned course of study longer than the normal period of three years in order to receive their degree (**Note 2**). This Graduate School offers such an option, called a “Long Term Study Program,” to those who qualify in an advance screening exam. Long term doctoral students pay the same amount over the length of their studies as those enrolled in the standard three-year program. Inquiries about this program can be accepted at any time before enrollment. Please contact the Graduate Academic Affairs Section, Graduate School of Engineering.

Applicants hoping to be considered for this program need to apply at the enrollment procedures. It is also possible to apply for this program in the middle of the enrollment, but not if less than one year remained in the standard period of study. In such a case, the length of the Long Term Study period is limited to twice the remaining period of study within the standard period of study.

Note 1: To be eligible for this program, the applicant must (1) be employed by a company or be self-employed, (2) be perform child birth, child care and nursing care, etc., 3) be otherwise determined by this Graduate School to be suitable for the program (excluding financial reasons).

Note 2: The period of study may not be extended beyond six years, but it is possible to request that the allowed period be shortened.

In principle, no special curriculum will be prepared for students in the long term study program.

8. Handling of Personal Information

(1) All personal information gathered by Tohoku University shall be treated with due care in compliance with the relevant university regulations, such as the Act on the Protection of Personal Information (2003, Act No. 57), and the National University Corporation Tohoku University Policy on the Protection of Personal Information, and security measures will be taken to protect it.

(2) Personal information, such as examination scores, used to screen applicants will be used exclusively for educational purposes, such as selecting applicants, enrollment procedures, pre-enrollment instruction, follow-up surveys, post-enrollment student support (scholarships, tuition waivers and health management etc.) and academic advising, or in connection with tuition collection etc., or surveys/research (surveys/analysis related to entrance examination improvements and reasons for applying; including analysis using the enrollees' personal information after enrollment).

(3) Tasks related to entrance examinations and academic affairs may be outsourced by Tohoku University to third-party contractors (hereafter, "contractors"). If personal information is provided in whole or in part to contractors, necessary measures will be taken to ensure it is handled appropriately in accordance with the relevant university regulations, such as the National University Corporation Tohoku University Policy on the Protection of Personal Information.

9. Educational Data Usage

Tohoku University strives to use Educational Data including personal information stored in the information system in education and learning activities, effectively and appropriately in compliance with our "Statement on Educational Data Usage," "Policy on Educational Data Usage," and "Tohoku University's 8 Principles of Educational Data Acquisition" while paying attention to the protection of personal information. After being admitted to the university, students' personal information, such as entrance exam scores etc., is merged with the university's Educational Data.

URL : <https://www.tohoku.ac.jp/japanese/studentinfo/education/08/education0801/>

10. Important Notes

- (1)"Laboratory Introduction" (listing the specialties offered in each field) is available on the following website (<https://www.eng.tohoku.ac.jp/english/admission/procedure/doctoral.html>) under the Admissions menu. Please refer to it when submitting your application.
- (2)Submitted application documents and examination fees cannot be returned.
- (3)If you do not receive your examination admission ticket by ten days prior to the examination date, please contact the office of department for which you wish to apply (see the Remarks of Appendix) in advance..
- (4)All other inquiries regarding application for admission should likewise be made to the Graduate Academic Affairs Section, Graduate School of Engineering.
- (5)Applicants desiring consultation regarding the need for special assistance or other consideration in taking the examination or conducting your studies should make written application indicating the items listed below (no special format). Be assured that such a request will in no way prejudice the outcome of the selection process, as all applicants will be treated fairly.

*Deadline for consultation: As a rule, no later than Wednesday, November 29, 2023.
*Information to be indicated in creating application:
 - A) Name, address and phone number of applicant
 - B) University, etc. from which the applicant has graduated
 - C) Any special considerations desired in taking examination
 - D) Any special considerations desired in the study environment
 - E) Nature of any special considerations provided up to now
 - F) Other relevant information about daily life circumstances
 - G) Reference materials (if currently under treatment, enclose a medical certificate issued by your physician)

(6) Tohoku University has established Tohoku University Security Export Control Regulations based on the Foreign Exchange and Foreign Trade Act, and screens each submitted application when we accept international students in our university. In the event that their research plans apply to the regulatory concerns, above mentioned students may not be able to receive desired education and their research themes may be limited.

Department : Mechanical Systems Engineering, Finemechanics, Robotics, Aerospace Engineering

Selection	Test Subjects	Date and Time	Description	Remarks
Program for Students Advancing from Master's Program of this Graduate School	Selection to be made separately by the department.			Department inquiries: Mechanical and Aerospace Engineering Academic Affairs Section Phone: 022-795-7030
Regular Program for Incoming Students from Other Schools	English		At the time of application, submit TOEFL® or TOEIC® score sheet no older than two years before the examination. TOEFL iBT Home Edition score are also accepted. Students, whose native tongue is considered to be English, should contact Mechanical and Aerospace Engineering Academic Affairs Section for required documents by December 20, 2023, if they want to omit the submission of English proficiency test score.	If the applicant is able to submit the score sheet of the adequate TOEIC public test after application period. In either case, it is "failed" if the score sheet is not submitted by the designated date.
	Oral test	Fri., Mar. 1 (time indicated by the department)	Presentation on master's thesis or equivalent study and research plans, followed by questions about presentation contents.	Since there are some items to be confirmed before application, please be sure to consult with the faculty member who will be accepting you in advance. The oral test and interview will be conducted online. Details will be provided in the materials enclosed with the examination admission ticket.
	Interview	Fri., Mar. 1 (time indicated by the department)	At the same time of the oral test. Interview about reasons for applying, etc.	Department inquiries: Mechanical and Aerospace Engineering Academic Affairs Section Phone: 022-795-7030
Special Selection Program for Foreign Students	English		At the time of application, submit TOEFL® or TOEIC® score sheet no older than two years before the examination. TOEFL iBT Home Edition score are also accepted. Students, whose native tongue is considered to be English, should contact Mechanical and Aerospace Engineering Academic Affairs Section for required documents by December 20, 2023, if they want to omit the submission of English proficiency test score.	If the applicant is able to submit the score sheet of the adequate TOEIC public test after application period. In either case, it is "failed" if the score sheet is not submitted by the designated date. It is "failed" if the submitted score does not meet the following requirement. (550 for TOEFL-PBT, 79 for TOEFL-iBT, or 730 for TOEIC)
	Oral test	Fri., Mar. 1 (time indicated by the department)	Presentation on master's thesis or equivalent study and research plans, followed by questions about presentation contents.	Since there are some items to be confirmed before application, please be sure to consult with the faculty member who will be accepting you in advance. The oral test and interview will be conducted online. Details will be provided in the materials enclosed with the examination admission ticket.
	Interview	Fri., Mar. 1 (time indicated by the department)	At the same time of the oral test. Interview about reasons for applying, etc.	Department inquiries: Mechanical and Aerospace Engineering Academic Affairs Section Phone: 022-795-7030
Special Selection Program for Working Adults	Oral test	Fri., Mar. 1 (time indicated by the department)	Presentation on master's thesis or equivalent study and research plans, followed by questions about presentation contents.	Since there are some items to be confirmed before application, please be sure to consult with the faculty member who will be accepting you in advance. The oral test and interview will be conducted online. Details will be provided in the materials enclosed with the examination admission ticket.

Program for Students Advancing from Master's Program of this Graduate School	Selection to be made separately by the department.			Department inquiries: Mechanical and Aerospace Engineering Academic Affairs Section Phone: 022-795-7030
Regular Program for Incoming Students from Other Schools Special Selection Program for Foreign Students	English		At the time of application, submit TOEFL ®or TOEIC® score sheet no older than two years before the examination. TOEFL iBT Home edition is acceptable. Contact the department if your native tongue is English	
	Math A (mandatory)	Wed., Feb. 28 10:00 to 11:30 a.m. (Meeting time: 9:30)	Differential and Integral Calculus, Linear Algebra, Vector Analysis.	(1) The written examination may be waived depending on the applicant's record as indicated on transcripts. (2) The scopes of the subjects can be inquired of the department or confirmed at the website below. http://www.qse.tohoku.ac.jp/admission/admission_graduate.html
	Math B (mandatory)	Wed., Feb. 28, 1:00 to 2:30 p.m.	Ordinary Differential Equations, Partial Differential Equations, Fourier Series and Fourier Transforms, Laplace Transforms	(3) Calculators or devices such as watches or mobile phones with calculation or communication functions are not allowed in the examination room.
	Specialized subjects (elective)*	Thu., Feb. 29, 10:00 to 11:30 a.m. (Meeting time: 9:30)	Field I : Fluid Dynamics, Strength of Materials, Mechanical materials, Electromagnetics, Quantum Mechanics, Chemistry basics Field II : Radiochemistry, Radiation engineering, Reactor physics *Choose any two of the nine subjects(no more than one subject can be selected from Field II)	(4) Whether an applicant can proceed to the interview depends on the score of the written test. When and how the results of the written examination will be notified is announced on the first day of the examination. (5) How to choose the language and subjects will be notified later. During the exam you will not be able to make a selection different from what you declared.
	Interview	Fri., Mar. 1 (time indicated by the department)	Presentation about your study so far, such as the contents of your master's thesis, and research plans after entering this program. (in 20 minutes). After that, a question- and-answer session will be held. (in 20 minutes).	※We will contact each applicant if there is any change in the examination to prevent the spread of COVID-19. However, please note that we do not provide individual support. Department inquiries: Mechanical and Aerospace Engineering Academic Affairs Section Phone: 022-795-7030
Special Selection Program for Working Adults	Interview	Thu., Feb. 29 or Fri., Mar. 1 (time indicated by the department)	Presentation about your study so far, such as the contents of your master's thesis, and research plans after entering this program (in 20 minutes). After that, a question-and-answer session will be held (in 15 minutes). Subsequently, an oral examination, concerning mathematics and specialized subjects, will be held (in 15 minutes). In some cases, English proficiency will be evaluated. <Oral examination (in 15 minutes)> The scope of the mathematics questions is the same as the scope of Mathematics A and Mathematics B in the written examination. The specialized subjects include two subjects from mechanical engineering, materials engineering, chemical engineering, nuclear engineering and radiation engineering, depending on the applicant's specialization.	(1) The oral examination (in 15 minutes) may be waived depending on the applicant's career. Contact your prospective supervisor for more detail. (2) How to choose the language and subjects will be notified later. During the exam you will not be able to make a selection different from what you declared. ※We will contact each applicant if there is any change in the examination to prevent the spread of COVID-19. However, please note that we do not provide individual support. Department inquiries: Mechanical and Aerospace Engineering Academic Affairs Section Phone: 022-795-7030
