

2021 Academic Year

Application for Autumn Enrollment in Master's Program

(For entry in October 2021)

Special Selection Program for Working Adults

Special Selection Program for Foreign Students

May 2021

Graduate School of Engineering, Tohoku University

○ **Admission Policy**

The Graduate School of Engineering welcomes prospective students who share the School's educational objectives and goals. They should have the following academic skills and abilities that are necessary to acquire knowledge and skills outlined in the curriculum policy:

1. Basic academic skills to learn engineering;
2. Logical thinking ability to solve problems; and
3. Language proficiency to adapt to global educational and research environment and to succeed in the world.

○ **Educational Objectives and Goals**

Staying true to the Tohoku University's traditional spirit of "Research First," "Open Doors," and "Practice-Oriented Research and Education," the Graduate School of Engineering is committed to achieving its educational objectives. One of these objectives is to develop researchers who act based on profound knowledge and broad perspective about nature and human beings, perform their research in an ethical, purposeful, and self-directed way to build safe, secure, and affluent society, and possess abundant creativity and high research skills that enable them to play a leading role in the future development and innovation of scientific technologies. Another educational objective of the School is to produce core technical experts who are equipped with not only a high-level of technical expertise but also a long-term vision and global viewpoint, and capable of making contributions to the sustainable development of our society.

Specifically, the educational goal of the Master's Degree Program is to endow students with a broad range of basic academic and language skills that are needed for the performance of research, as well as abilities to develop their research subjects by using unique ideas and present research theses at a public occasion. They are also expected to have basic skills and advanced techniques to perform a research or provide a research and technical guidance in their field of expertise.

○ **Diploma Policy**

The Graduate School of Engineering, Tohoku University, will award a master's degree in engineering to students who pass a review of master's thesis or research results on a particular subject as well as the final examination. Students are also required to remain enrolled for a specific period of time, study a set of subjects that are offered in accordance with the School's educational objectives and goals, earn a specified number of credits, and demonstrate a high-level of ethical awareness and sense of responsibility, in addition to the following knowledge and skills:

1. A broad range of basic knowledge and academic skills that help students understand and explore the essence of their research subjects;
2. Profound knowledge about their fields of expertise;
3. Interdisciplinary knowledge relating to their fields of expertise;
4. System design skills obtained through the integration of knowledge outside their fields of expertise;
5. Skills to determine a research subject and solve issues;
6. Advanced skills to perform, apply, and develop their researches;
7. Language proficiency to perform their researches; and
8. Basic skills to provide research or technical guidance.

○ **Curriculum Policy**

The Tohoku University Graduate School of Engineering provides education according to the following policy to ensure that students can acquire knowledge and skills required under the diploma policy:

1. Help students acquire the broad range of knowledge, advanced technical expertise, and interdisciplinary knowledge relating to their fields of expertise that are necessary to understand the essence of their research subjects and perform their research;
2. Enable students to acquire advanced skills to work on their research subjects and develop these subjects with unique ideas; and

- 
3. Provide students with the language proficiency necessary to perform their research and make presentations of the research results.

In order to execute the above policies, the Graduate School of Engineering offers Common Subjects, and each department offers Major Basic Subjects, Major General Subjects, and Related Subjects. The overall educational curriculum is presented in the curriculum map. The Major Basic Subjects are mainly provided in lecture-based courses. The Major General Subjects include lectures, seminars, and the Master Course Seminar etc. The subjects in lecture-based courses are provided for the purpose of acquiring a wide range of basic knowledge and advanced specialized knowledge in each major. A syllabus is prepared for each subject to clearly state the educational content, achievement methods, guidelines for self-study, etc. Seminar courses are provided to develop the students' ability to understand the research field from a diversified viewpoint, and research skills through presentations and discussions on the latest technologies or their own research results. The Master Course Seminar is provided to foster the ability to conduct and develop advanced research and language skills through individual research and writing a master thesis.

In the subjects provided in lecture-based courses, the faculty members in charge of the lecture will assess the student's basic knowledge, basic academic skill, specialized knowledge, etc. with regular examinations, reports, etc. Details of the grading method are described in the syllabus for each subject. In the seminars, department faculty members assess the student's ability to understand academic papers and technical materials through presentations and discussions. In the Master Course Seminar, the academic advisor will assess the student through their ability to develop and conduct their own research with original ideas, present and discuss research content at academic conferences, present in a foreign language, provide technical guidance, write academic reports, etc., based on research activities in the laboratory, give presentations at domestic and international conferences, and through their master thesis and its defense.

2. Qualifications for Application

- Those eligible to apply for the Special Selection Program for Working Adults are, in principle, those who after graduating from university have worked for at least two years as engineers, instructors, researchers or the like at the time of enrollment, and for whom any of qualifications (1) to (10) below is true.
- Those eligible to apply for the Special Selection Program for Foreign Students are those who have received a university education in Japan as foreign students or in an overseas university, and for whom any of qualifications (2) to (10) below is true. However, foreign students who have graduated from a Japanese university or expect to graduate by September, 2021 may also apply.

The applicant must:

- (1) Have graduated from university or expect to graduate by September 2021.
- (2) Have received a bachelor's degree under Article 104 Paragraph 4 of the School Education Law of Japan, or expect to receive such a degree by September 2021.
- (3) Have completed a 16-year curriculum of school education overseas, or expect to complete such education by September 2021.

- 
- (4) Have completed a 16-year curriculum of school education in Japan by taking correspondence courses offered by schools outside Japan, or expect to complete such education by September 2021.
 - (5) Have completed a university education by taking courses designated by the Minister of Education, Culture, Sports, Science and Technology in an educational institution in Japan recognized as adopting the educational system of a foreign country and having the curriculum of that country (only when the person completing that education is regarded as having completed 16 years of that country's education), or expect to complete such education by September 2021.
 - (6) Have been conferred a degree equivalent to a bachelor's degree upon completion of a curriculum that has a course term of three years or longer at a university or other school (limited to schools whose overall educational and research activities have been evaluated by the relevant country's government or a government-approved individual, or are designated separately as having met this requirement by the Minister of Education) in a foreign country (including cases in which the student completed the curriculum by taking subjects conducted by said school via distance learning while the student resided in Japan, and cases in which the student has completed a curriculum at an educational facility that is positioned within that country's educational system as per the previous item) or expect to receive such a degree by September 2021.
 - (7) Have completed a specialized course of a special training school designated by the Minister of Education, Culture, Sports, Science and Technology (only when the schooling is at least four years in length and other criteria stipulated by the Minister are met), on or after the date stipulated by the Minister, or expect to complete such a course by September 2021.
 - (8) Have been designated as eligible by the Minister of Education, Culture, Sports, Science and Technology under ministerial ordinance No. 5 of 1953.
 - (9) Have been admitted to the graduate school of another university in accord with Article 102 Paragraph 2 of the School Education Law and be recognized by this Graduate School as having suitable academic ability for study in this program.
 - (10) Be aged 22 or above and, through individual admission qualification screening, be recognized by this Graduate School as having achieved at least the equivalent academic abilities of a university graduate.

Note 1: Applicants who are employed by Tohoku University should contact the Graduate Academic Affairs Section, Graduate School of Engineering in advance.

Note 2: Applicants should contact the head of the department in which they expect to major in advance regarding their research plans after enrollment.

Note 3: Applicants applying under qualification (6) should contact the Graduate Academic Affairs Section, Graduate School of Engineering in advance.

Note 4: Applicants applying under qualifications (9) to (10) will need to undergo admission qualification screening. Please contact the office of department for which you wish to apply (see the Remarks of Appendix) in advance.

3. Period for Submission of Application

Applications will be received from Monday, June 14 to Thursday, June 24, 2021, during the office hours from 9:00 a.m. to 4:00 p.m. (except the hours from 11:45 a.m. to 1:00 p.m.). All application documents must be reached to the office by the last day of the above period.

Please note that application documents will not be accepted at the counter or by mail after Friday 25 of June.

(Applications will not be accepted on Saturdays or Sundays)

Submit in person or by mail to:

Graduate Academic Affairs Section
Graduate School of Engineering
Tohoku University
6-6-04 Aramaki Aza Aoba, Aoba-ku, Sendai, Miyagi 980-8579, Japan

4. Application Procedures

Applicants should prepare the following documents and submit them during the above time frame.

The certification documents must be either in Japanese or English. If the documents cannot be issued in either language, please attach a Japanese or English translation, which is officially issued by the same institution that issued the certification documents.

Please contact the Graduate Academic Affairs Section beforehand in case the above requirement cannot be fulfilled.

- *Replacement or renewal of submitted application documents are not accepted.
- *Withdrawal of application is not accepted after its submission,
- *Submit original certification documents. Photo copies, digital files, or printouts of digital files are not considered to be original documents.
- * When you fill in application documents, please use a black pen (using pencils or erasable pens by friction are not allowed).
- *If any false description would be found in application documents, entrance approval may be cancelled even after enrollment.

Required documents	Notes
Application for admission	Use an official application form for this Graduate School.
*1 Written recommendation	<p>Prepared by the expected supervisor, using an official form for this Graduate School. (If a recommendation cannot be submitted, submit instead a letter of acceptance by the faculty member.)</p> <p>(Please be sure to submit a letter of recommendation those who apply for the Department of Metallurgy, Materials Science, or Materials Processing)</p>
Undergraduate transcript	Issued by the dean of the university from which you graduated. (Not required if currently a resident in the School of Engineering of this university.)
<p>Original of TOEFL® Test /TOEIC® Public Test score sheets</p> <p>Valid tests: TOEFL®Test PBT, TOEFL® iBT Test, TOEIC® Public Test (Listening & Reading Test)</p>	<p>Should be submitted by applicants corresponding to the following categories (1) or (2): ; not necessary for those applying to the Applied Chemistry, Chemical Engineering, or Biomolecular Engineering departments.</p> <p>(1) Those applying under the Special Selection Program for Foreign Students to study in the Mechanical Systems Engineering, Finemechanics, Robotics, Aerospace Engineering, Quantum Science and Energy Engineering, Electrical Engineering, Communications Engineering, Electronic Engineering, Applied Physics, Metallurgy, Materials Science, Materials Processing, Civil and Environmental Engineering, Architecture and Building Science, or Management Science and Technology departments.</p> <p>(2) Those applying under the Special Selection Program for Working Adults to study in the Metallurgy, Materials Science, or Materials Processing departments.</p> <p><u>Submitted originals of TOEFL®Test /TOEIC®Test score sheets will not be returned. However, TOEFL®Test "Test Taker Score Reports" can be returned on the day of the entrance examination. If requested at the time of application.</u></p> <p><u>The TOEFL institution code of the Graduate School of Engineering, Tohoku University is 8958.</u></p> <p><u>*TOEFL iBT's "My Best™ Score" will not be used for preliminary screening at Graduate School of Engineering.</u></p> <p><u>◆When submitting a score sheet for the TOEFL®Test or for the 267th TOEIC public test or other TOEIC® public tests conducted before the 267th test:</u></p> <p>• Please submit all application documents, including the score sheet, within the submission period stated in "3. Period for Submission of Application."</p> <p><u>◆When submitting a score sheet any of the 268th to 271st TOEIC® public test:</u></p>

<p>Original of TOEFL® Test /TOEIC® Public Test score sheets</p> <p>Valid tests: TOEFL®Test PBT, TOEFL® iBT Test, TOEIC® Public Test (Listening & Reading Test)</p>	<p>• Please submit all other application documents, except the score sheet, within the submission period stated in "3. Period for Submission of Application."</p> <p>• <u>Please submit the score sheet to the address stated in "3. Period for Submission of Application" by Tuesday, August 3 (applications will not be accepted on Saturdays, Sundays, or holidays).</u> When submitting the score sheet, any envelope may be used. Please mark the envelope "Contains Score Sheet," and record the department or specialty for which you are applying on the back of the score sheet.</p> <p><u>(Note) Score sheets may not be replaced with more recent test results once submitted.</u></p> <p>Example: You may not resubmit a different score sheet for the 268th or 270st TOEIC® public test after submitting a score sheet for the 267th TOEIC® public test.</p> <p><u>(Note) Score sheets which can be submitted outside of the submission period are limited to score sheets any of the 268th or 271st TOEIC® public tests.</u></p> <p>Example: You may not submit a score sheet for the 267th TOEIC® public test or a score sheet for the TOEFL®Test outside of the submission period stated in "3. Period for Submission of Application."</p> <p><u>(Note) There are required scores for those applying under the Special Selection Program for Foreign Students to study in the Mechanical Systems Engineering, Finemechanics, Robotics, and Aerospace Engineering. For details, please see the appendix.</u></p> <p><u>*Applicants with a letter of permission (in any format) from the expected supervisor may submit a score sheet for the 267th TOEIC® public test or other TOEIC® public tests conducted before the 267th test outside of the stated submission period, or may be exempted from submitting a score sheet.</u></p> <p>*TOEFL®, TOEFL® iBT, TOEFL® ITP, and TOEIC® are registered trademarks of Educational Testing Service (ETS).</p>

*5 Return envelope for results notification	Write your name and address (including postal number) on an official envelope of this Graduate School, and affix 540 yen in postage.

• **Applicants who live outside Japan should pay attention to the following notes.**

- *1. Written recommendation should be requested to the expected supervisor. The expected supervisor will obtain the official form from the office and submit it directly.
- *2. Only the photo should be submitted.
- *3 - *5. Not required.

Note: Applicants must submit the following documents, respectively, in addition to the above.

Special Selection Program for Working Adults

Required documents	Notes
Summary of research or work	Research/work carried out during time spent working as an engineer, instructor, researcher, etc. (approximately 1 A4-size page).

Research plan	Approximately 1 A4-size page
Proof of employment	Issued by head of workplace, showing employment duration, nature of work, and identity. (Any format; with official letterhead, signature, seal, etc.) Not necessary for those intending to remain employed while in school.
Written consent to take exam	Issued by head of workplace, showing employment duration, nature of work, and identity. (Any format; with official letterhead, signature, seal, etc.) Only for those intending to remain employed while in school.

Special Selection Program for Foreign Students

Required documents	Notes
Written recommendation	Prepared by a supervising faculty member or the equivalent from your university (any format).
Proof of Japanese language proficiency	Prepared by a Japanese instructor or (prospective) professor, etc. (Any format). Not necessary for those applying to the Mechanical Systems Engineering, Finemechanics, Robotics, or Aerospace Engineering.
Written consent to take exam	Issued by head of workplace. (Any format; with official letterhead, signature, seal, etc.) Only for those intending to remain employed (both domestic and foreign) while in school.
Other reference materials	Papers, reports, etc. demonstrating academic ability.

Those who wish to study in the Mechanical Systems Engineering, Finemechanics, Robotics, and Aerospace Engineering in Japanese language should apply to Regular Master's Program.

● Acquiring VISA for examination (Temporary Visitor VISA)

Applicants for the Master's Program at the Graduate School of Engineering, Tohoku University, who live outside Japan and need to acquire a "Temporary Visitor VISA (for examination)" should receive an "examination permit" which our university will issue after we receive your application. Those who require us to issue an "examination permit" should include a request letter (any format) along with their application documents. Applicants are also required to send a photo (5cm high ×4cm wide) in addition to the photo for the "photo ID". Please write down your name and the name of the department to which you have chosen to apply on the reverse side of the photo.

5. Examination and Selection

Examination dates: To take place from Tuesday, August 24 to Thursday, August 26, 2021 according to the attached schedule.

Location: Graduate School of Engineering, Tohoku University (details will be sent directly to each applicant from the department to which the application was made).

- Applicants for the Special Selection Program for Working Adults will be selected based on overall consideration of a written test or essay, oral interview test results, and submitted documents.
- Applicants for the Special Selection Program for Foreign Students will be selected based on overall consideration of a written test or essay, oral interview test results, language proficiency, and submitted documents.

6. Announcement of Results

Results are scheduled to be posted around 5:00 p.m. on Wednesday, September 1, 2021, on the following website (<https://www.eng.tohoku.ac.jp/>)

Notification of results will also be mailed to applicants. Please note that results cannot be given in response to telephone inquiries.

7. Enrollment Procedures, Etc.

(1) The enrollment procedures are scheduled to be processed on Tuesday, September 14, 2021. Details of the enrollment procedures will be announced when the acceptance letter is mailed in early September, 2021.

(2) Fees necessary at the time of enrollment:

(a) Admission fee: 282,000 yen (tentative)

(b) Tuition: 267,900 yen for one semester (annual 535,800 yen) (tentative)

Note 1: The above amounts are tentative. In the case that admission or tuition fees are revised, the new fees will become applicable from the time of the revision.

Note 2: Information on the waiving of admission or tuition fees, or permission to defer payment to a later date, etc., will be provided in the enrollment procedures documents sent after the results notification.

8. Eligibility for the Long Term Study Program

Some applicants, due to the need to continue with employment or other special circumstances (**Note 1**), may request permission to follow a planned course of study longer than the normal period of two years in order to receive their master's degree (**Note 2**). This Graduate School offers such an option, called a “Long Term Study Program”, to those who qualify in an advance screening exam. Long term master's students pay the same amount over the length of their studies as those enrolled in the standard two-year program. Inquiries about this program can be accepted at any time before enrollment. Please contact the Graduate Academic Affairs Section, Graduate School of Engineering.

Applicants hoping to be considered for this program need to apply at the enrollment procedures. Note that this program is applicable only from the beginning of studies, and cannot be entered into after studies have begun.

Note 1: To be eligible for this program, the applicant who (1) is employed by a company or be self-employed, (2) needs maternity leave, or is engaged in child or family care , or (3) is otherwise determined by this Graduate School to be suitable for the program (excluding financial reasons).

*In principle, this program is limited to students in the Special Selection Program for Working Adults. Persons in other Special Selection programs wishing to be considered may, however, request an examination in advance with the Graduate Academic Affairs Section, Graduate School of Engineering.

Note 2: The period of study may not be extended beyond four years, but it is possible to request that the period be shortened.

In principle, no special curriculum will be prepared for students in the long term study program.

9. Handling of Personal Information

- (1) The Graduate School of Engineering of Tohoku University handles personal information in strict compliance with regulations such as the “Act on the Protection of Personal Information Held by Incorporated Administrative Agencies” and the “National University Corporation Tohoku University - Policy on the Protection of Personal Information”, taking every precaution to protect personal information.
- (2) Examination results and other personal information obtained in the application process will be used for the selection of students for admission, enrollment procedures, follow-up surveys, student support after enrollment (e.g., scholarships, tuition waiver, and health care), student guidance, and other academic purposes, as well as in collection of tuition fees, etc.
- (3) After enrollment, the Graduate School may outsource administrative work in educational affairs to third-party companies and provide them, as necessary, with

some or all of the student's personal information in compliance with the “National University Corporation Tohoku University - Policy on the Protection of Personal Information”.

10. Important Notes

- (1) "Laboratory introduction" (listing the specialties offered in each field) is available on the website (<https://www.eng.tohoku.ac.jp/english/admission/procedure/grad.html>). Please refer to it when submitting your application.
- (2) **Applications by post are to be sent in the designated envelope as Registered Express mail. Applicants who live outside Japan may use any envelope.** Applicants will not be automatically notified of the receipt of applications. Those desiring notification should enclose a postcard with their return address along with their application.
- (3) Submitted application documents and examination fees cannot be returned.
- (4) If you do not receive your examination admission ticket by ten days prior to the examination date, please contact the office of department for which you wish to apply (see the Remarks of Appendix) in advance., .
- (5) All other inquiries regarding application for admission should likewise be made to the Graduate Academic Affairs Section, Graduate School of Engineering.
- (6) When requesting printed application forms by mail, enclose a self-addressed return envelope for A4-sized documents (approximately 34 cm x 24 cm) with your name, address, and postal code, and with 250 yen postage affixed. You should attach a memo noting the type of application (the name of the selection program) and your phone number or e-mail address. The application forms are written in Japanese. Only applicants who live outside Japan may use downloaded application forms.
- (7) Applicants desiring consultation regarding the need for assistance or other considerations in taking the examination or conducting your studies should make a written application indicating the items listed below (no special format). Be assured that such a request will in no way prejudice the outcome of the selection process, as all applicants will be treated fairly.

*Deadline for consultation: As a rule, no later than Monday, May 31, 2021.

*Information to be indicated in making an application:

- (a) Name, address, and phone number of applicant
- (b) University, etc. from which the applicant has graduated
- (c) Any special considerations desired when taking the examination
- (d) Any special considerations desired in the study environment
- (e) Nature of considerations provided up to now
- (f) Other relevant information about daily life circumstances
- (g) Reference materials (if currently under medical treatment, enclose a

medical certificate issued by your physician)

(8) Tohoku University has established Tohoku University Security Export Control Regulations based on the Foreign Exchange and Foreign Trade Act, and screens each submitted application when we accept international students in our university. In the event that their research plans apply to the regulatory concerns, above mentioned students may not be able to receive desired education and their research themes may be limited.

Appendix— Admission Screening Examination Schedule for October 2021 Enrollment in Master's Program
Special Selection Programs for Working Adults and for Foreign Students

(A) Special Selection Program for Working Adults

Department	Test Subjects	Date and Time	Description	Remarks
Mechanical Systems Engineering, Finemechanics, Robotics, Aerospace Engineering	Math A (elective)*	Tue., Aug. 24, 9:30 to 10:30 a.m. (assemble at 8:50)	Differential and Integral Calculus, Linear Algebra, Vector Analysis	(1) On the scope of each subject, inquire with the department or confirm with the website below. http://www.mech.tohoku.ac.jp/
	Math B (elective)*	Tue., Aug. 24, 1:00 to 2:00 p.m.	Ordinary Differential Equations, Partial Differential Equations, Fourier Series and Fourier Transforms, Laplace Transforms	(2) Tests in specialized subjects end at the following times. If one subject is selected: 10:30 a.m. If two subjects are selected: noon
	Specialized subjects (elective)*	Tue., Aug. 24, 3:45 to 4:45 p.m.	Thermodynamics, Fluid Dynamics, Strength of Materials, Dynamics of Mechanical Systems, Control Engineering	(3) Calculators or devices such as watches or mobile phones with calculation or communication functions are not allowed in the examination room. (4) Interviews are given only for those applicants who pass the written test. When and how they will be notified of the written test results will be announced on the first day of exam.
	*Choose any two of the seven subjects (Math A, Math B, and five specialized subjects). The choice of subjects must be notified when the department office inquires.			(5) Wed., Aug 25th will be a spare day. so leave it open

Department	Test Subjects	Date and Time	Description	Remarks
	Interview	Thu., Aug. 26 (time indicated by the department)	Questions about your studies up to now and research plans after entering this program. English ability may also be asked about. 	Oral examination	Tue., Aug. 24, to Thu., Aug. 26, (time indicated by the department)	Presentation about the content of the essay.in addition, the basic academic ability and the appropriateness of the research field will be evaluated.The oral examination time is about 30 minutes per person.	

(B) Special Selection Program for Foreign Students

Department	Test Subjects	Date and Time	Description	Remarks
Mechanical Systems Engineering, Finemechanics, Robotics, Aerospace Engineering	English		At the time of application, submit an original TOEFL® or TOEIC® score sheet no older than two years before the entrance exam. TOEFL iBT Home Edition scores are also accepted. Students whose native tongue is English should contact the department individually.	The application is not acceptable if the applicant, except those whose native language is English, is unable to submit the original score sheet within the application period. (Exception if the applicant is able to submit the score sheet of the adequate TOEIC public test after application period. In either case, it is "failed" if the original score sheet is not submitted by the designated date.) It is "failed" if the submitted score does not meet the following requirement. (550 for TOEFL-PBT, 79 for TOEFL-iBT, or 730 for TOEIC)
	Math A (mandatory)	Tue., Aug. 24 9:30 to 10:30 a.m. (assemble at 8:50)	Differential and Integral Calculus, Linear Algebra, Vector Analysis	(1) On the scope of each subject, inquire with the department or confirm with the website below. http://www.mech.tohoku.ac.jp/ (2) Calculators or devices such as watches or mobile phones with calculation or communication functions are not allowed in the examination room. (3) Interviews are given only for those applicants who pass the written testing. When and how they will be notified of the written test results will be announced on the first day of the exam. (4) Wed., Aug 25th will be a spare day. so leave it open. Inquire with Department of Systems Science and Mechanical Engineering Academic Affairs Section for details.
	Math B (mandatory)	Tue., Aug. 24 1:00 to 2:00 p.m.	Ordinary Differential Equations, Partial Differential Equations, Fourier Series and Fourier Transforms, Laplace Transforms	
	Specialized subjects (elective)*	Tue., Aug. 24, 3:45 to 4:45 p.m.	Thermodynamics, Fluid Dynamics, Strength of Materials, Dynamics of Mechanical Systems, Control Engineering *Choose any two of the above listed five specialized subjects. The choice of subjects must be notified in advance.	
	Interview	Thu., Aug. 26 (time indicated by the department)	Questions about undergraduate thesis, etc. and research plans after entering this program.
