

ONLINE GLOBAL COMMUNITY

FOR TOHOKU UNIVERSITY STUDENTS

Social distancing has made it difficult for international students to feel connected with the university community. As a solution, the Global Learning Center has launched an online global community. Not only international students, but also Japanese students who wish to interact with international students are welcome to find new encounters and share their thoughts, knowledge, experience, and opinions.

EASY-TO-JOIN

All you need is your Microsoft 365 account.
No need to sign up for any other service.

SECURED

Unlike other social media, only Tohoku University members can join the community.

ACCESSIBLE

Powered by Yammer, one of Microsoft Office apps that many people are already familiar with.
